

# Nature Identical Peptides For Deep Wrinkle Reduction

# PeptiYouth™

PeptiYouth™ introduces a new dimension to skincare: clinically studied nature identical peptides that **build up your skin's architecture**, boosting collagen, elastin, and fibrillin where and when it matters most with a 35ppm inclusion rate.

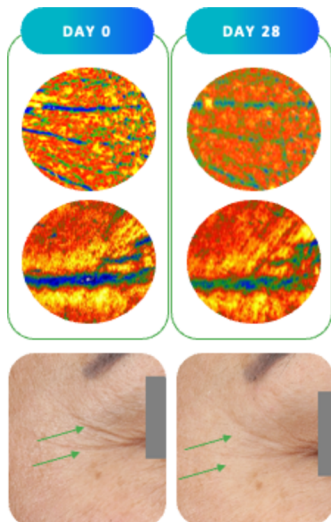

✓ Patented peptide sequence unique to pea

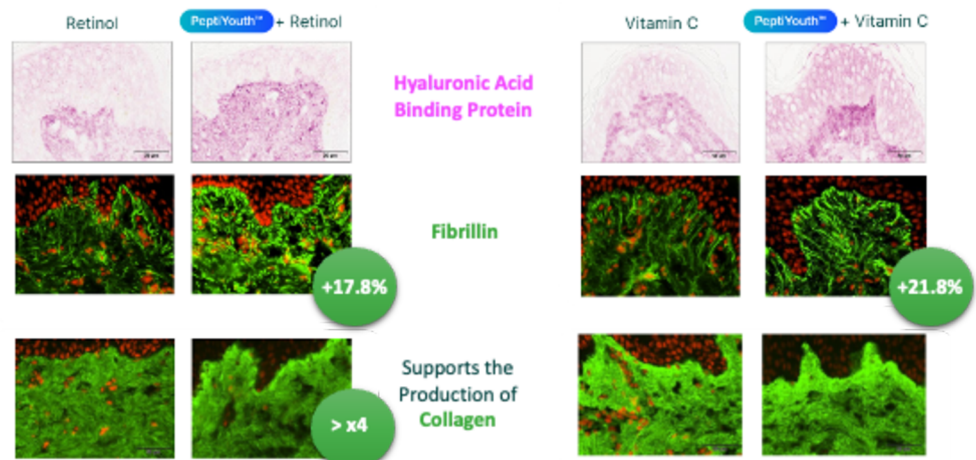

✓ 2 human placebo controlled double blind clinical trials (1 published)

✓ Registered INCI name: s-Pea Oligopeptide-1 SP

## Efficacy on all types of wrinkles

## Significantly enhances the anti-aging effect of Retinol and Vitamin C

Kennedy et al., Int J Cosmet Sci 2020 Aug;42(4):388-398 The anti-ageing effects of a natural peptide discovered by artificial intelligence
